

Green Screen Pawn Patterns

Use these patterns to create game board pieces for green screen game board activities.

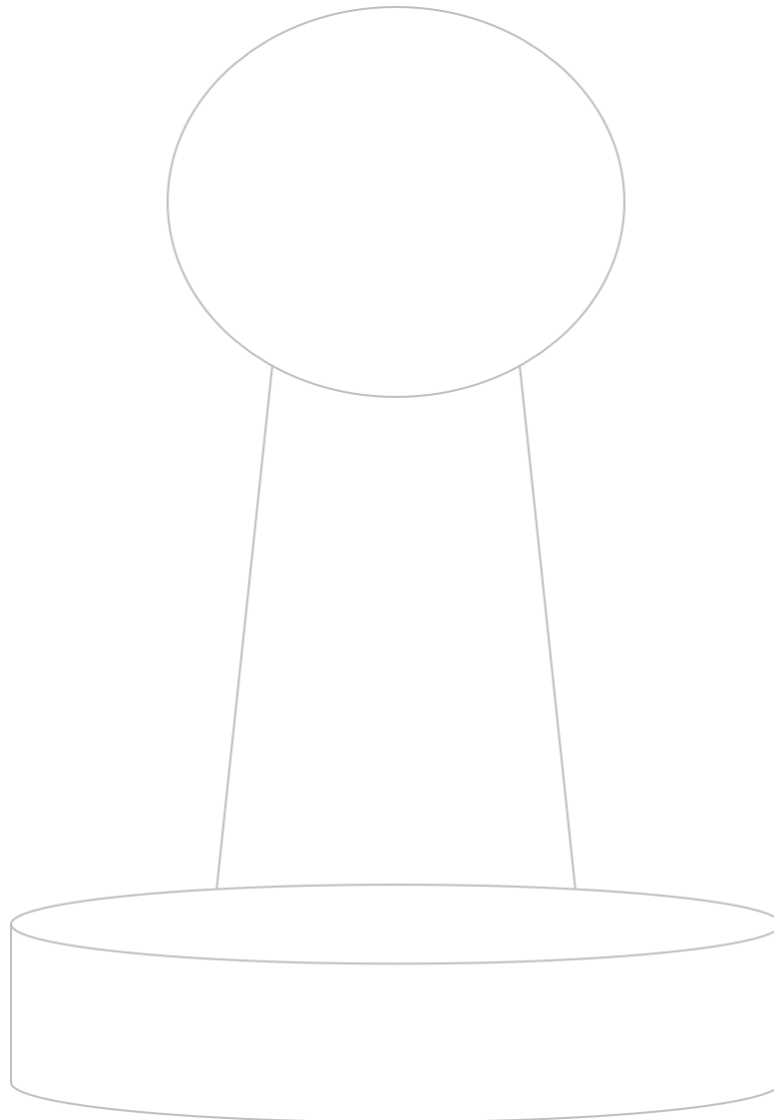

Directions:

1. Print out pattern. Cut out the pawns.
2. Hold the different sizes of pawns against your green screen game board to determine the size that will work the best.
3. Use the pattern to cut out pawns or colored felt or paper.
4. DO NOT use green paper or felt. Using green felt or paper will cause the game piece to blend into the green screen.
5. Felt pawns should lightly adhere to a felt or fleece green screens.
6. Use tape to adhere pawns to paper or plastic green screens.
